

COLUMBIA WINS AFTER A HOT RACE WITH SHAMROCK TODAY.

Englishman Led at Start But Gradually Lost Ground.

FINE BREEZE, MADE RACE A LIVELY ONE

Speed of Boats So Fast that a Few of Smaller Excursion Steamers and Slow Going Tugs Were Forced to Put on Highest Pressure to Keep Up.

HIGHLANDS, N. J., Oct. 3.—Columbia won the international yacht race this afternoon, the official time of the finish being Columbia 2:15:05, Shamrock 2:16:23. It was a magnificent race.

STORY OF THE RACE.

Highlands, Oct. 3.—Shortly after ten o'clock today the Columbia, under tow reached the lightship and her head was brought up into the wind so that her crew could hoist the big mainsail. The wind at this time was blowing from 16 to 18 knots. The committee boat Navigator took her position at the lightship at 10:05 and the committee began to make observations of the wind. The haze settled thickly off shore after 9:30 so that shore observers had some difficulty in watching the movements of the boats. The Shamrock crew tailed on the mainsail sheet after her bow had been brought up into the wind and sail was quickly made.

The wind began to flatten a little at 10:20 so that when the big sloops were ready to hoist their topsails they found that they could send aloft their largest clubs. The sloops had their club topsails sheeted into place at 10:23; kites were soon broken out and tow lines were cast off. At 10:45 the preparatory gun was fired.

The jockeying for position now began, both boats being to the weather of the line. Sycamore stood in toward the Jersey shore on the starboard tack with Columbia on his weather quarter. They then came about and stood on a port tack toward the Long Island coast with Barr still to weather.

At 10:55 the warning gun was fired and the strap between the skippers became hotter than ever. Barr jammed his boat right down on Sycamore and held her there.

At 11 o'clock they were off. By wireless telegraphy it is learned Shamrock started at 11:00:25 Columbia at 11:01:25.

They then hauled on their wind and came about near the lightship with Columbia still to the windward. Shamrock heeled more than the American in the wind. Sycamore tacked ship quickly, but Barr flung his boat about right on top of him again. They then stood in toward the Long Island shore, but soon came about and headed toward the lightship.

The sloops then laid off the wind and hung close to the line. Sycamore came about quickly and tacked off to the eastward. Barr held along a bit, and then hauled on his wind and coming about headed for the lightship. He then wore ship again and stood after Sycamore.

After passing the line, they broke out number two jib topsails. Columbia was well to weather of the challenger. They headed along with the wind on their port quarter, sailing rapidly.

Both yachts with all sail set and lee rails awash are reaching for first mark. Shamrock leads, but Columbia is pulling up and Barr is getting in shape to cut off the wind of Shamrock. It is a rattling race and the excitement is intense.

At 11:22 it looked as if they were nearly on even terms.

Barr and Sycamore are driving their boats with all possible power. Shamrock still leads at 11:41 though Barr is doing his best to put himself in position to kill the Englishman's wind. Unfortunately Barr got across the line too late to affect the Englishman's breeze and for the last 40 minutes he has tried to get in position to cut his wind.

At 11:46 the yachts neared the first mark and Shamrock still held a good lead over the American.

Shamrock went around the mark at 11:47:20. Columbia rounded at 11:48:40.

OFFICIAL TIME.

Highlands, Oct. 3.—The official time of the first turn is Shamrock 11:51:06; Columbia 11:52:17.

COLUMBIA TAKES LEAD.

Highlands, Oct. 3.—At 12:25 this afternoon the boats were booming along at a terrible speed, knocking the water up from under their bows and kicking up a fuss under their quarters. Their lee rails were under water and the spray was flying in bucketfuls. Shamrock still had a greater list than Columbia in the wind. Many of the excursion fleet were now under full speed trying to keep up with the racers. Columbia gained 23 seconds on Shamrock on the first leg.

In the last ten minutes of sailing on the second leg Columbia has picked up several seconds on the Shamrock.

The wind freshened about 12:20 p. m. The Shamrock went around the second mark at 12:46 and Columbia rounded at 12:46:55. On the beat home to windward, both boats are sailing like hawks. Columbia points better than Shamrock which still leads, but foot by foot the Columbia gains and barring accidents it looks like a winner by a very small margin.

It is one of the prettiest races to windward ever seen off this point. Barr luffed his boat incessantly so that he was almost sailing in the same wake as the Englishman. It looked at this time from shore as if the Columbia would be able to pass Shamrock and cross the line ahead of the Englishman.

At 1:20 this afternoon Sycamore slammed his boat to port and was immediately followed by Barr. From this point it looked as if the Columbia's bowsprit was casting a shadow on the Shamrock.

At 1:27 p. m. Columbia is in the lead.

At 1:40 p. m. the yachts were about three miles from the finish. While it was a close race, the Columbia out-sailed the Englishman on every leg.

Columbia wins. Time 2:06. Columbia crossed the line about a minute ahead of the Shamrock.

The official time of the finish is: Columbia, 2:15:05; Shamrock, 2:16:23.

Yacht Race Agreement.

New York, Oct. 3.—At a meeting of the representatives of the Royal Ulster Yacht club and the New York Yacht club the agreement as to the day's racing was so modified that it now reads that the yachts will sail on the following dates until the series are completed: Oct. 3 and on each following day, except Sunday, provided however, that immediately on the conclusion of the race of Oct. 3 and each subsequent race the regatta committee shall inquire of each contestant whether he is willing to start the next day, and should either contestant reply in the negative, one day shall intervene before starting the next race. Sunday shall not count as such intervening day.

THE DAY'S BETTING.

New York, Oct. 3.—There is little betting on the yacht races. The failure of Tuesday appears to have given the Shamrock increased confidence so far as putting up their money is concerned, and at the same time, the supporters of the Columbia are a little wary. In general, the odds remain about two to one on the defender winning the series and about six to five on her winning today's race.

EARLY PROSPECT GOOD.

Highlands, N. J., Oct. 3.—A twenty knot breeze is blowing this morning and the prospect is good for a great yacht race today.

BIG FIRE

Lech & Company's Warehouse at Philadelphia Totally Destroyed—Loss Will Be Very Heavy.

Philadelphia, Oct. 3.—A. S. Lech & Company's big storage and carpet cleaning warehouse at Fifteenth street and Columbia avenue was totally destroyed by fire today. An estimate as to the loss is impossible as the burned goods belonged to upwards of 800 separate companies. Each states, however that the damage is at least a quarter of a million, and probably double that sum. Several adjacent properties were damaged slightly.

WM. ALLEN VEACH

RE-ELECTED SECRETARY OF THE WATERWORKS ASSOCIATION.

Officers Were Favored by the Election of Officers—Indianapolis Gets the Next Meeting.

Evansville, Ind., Oct. 3.—The sessions of the Waterworks convention yesterday were largely attended, and several interesting papers were read. Indianapolis was selected as the next meeting place in October 1902. Ohio nabbed most of the officers as the following will show, and Newark was also honored by the re-election of Secretary Veach. Mr. Veach has proved an efficient and popular officer of the association.

President, Joseph J. Pater, Hamilton, Ohio; first vice president, Joseph P. Blair, Cincinnati, Ohio; second vice presidents, George McElhinney, Evansville, W. H. Glore, Covington, Ky.; John Morton, Nashville, Tenn.; Henry Burton, Port Huron, Mich.; S. F. Tompkins, Joliet, Ill.; Clark Howell, Charleston, W. Va.; secretary, William Allen Veach, Newark, Ohio; treasurer, Charles E. Rowe, Dayton, Ohio; executive committee, C. W. Wilkes, Delaware, Ohio; A. W. Evans, Zanesville, Ohio; W. H. Stephens, Lima, Ohio; finance committee, T. R. Cook, Toledo, Ohio; John Langan, Tipton, Ind.; A. W. Inman, Massillon, Ohio; editor, Lehman B. Holt, Cleveland, Ohio.

LIFE INSURANCE

FORMS AN IMPORTANT PART OF BUSINESS MEN'S ESTATES.

Since Vanderbilt's and Peavey's Million Dollar Policies in Mutual Life Other Big Ones Written.

New York, Oct. 3.—The tendency of business men to protect their estates by policies of life insurance is becoming as general as to protect their buildings by policies of fire insurance. Since Mr. George W. Vanderbilt of New York and Mr. Frank H. Peavey of Minneapolis, each took policies for \$1,000,000 a few years ago in the Mutual Life Insurance Company of New York, there has been no equally large sum written on one individual. Those remain the record figures for the world but policies of \$50,000 and \$100,000 and even \$200,000 are so frequent as to cause little comment and even when Mr. Sidney A. Witherbee of Detroit, took \$300,000 in five per cent gold bond insurance from the Mutual Life, early in this year, it passed almost as a matter of course. It is significant that when a business man's estate is settled these days, life insurance is generally found to be a very important part of it, often all there is of it. Life insurance in one of the great companies yields a good rate of interest as an investment apart from the protection it affords.

GAS

IN SEWER EXPLODED TODAY AT M'KEESPORT

BADLY WRECKING BUILDING AND HURTING TWO MEN.

STREET FOR SQUARE TORN UP.

Sewer Gas Exploded Under a Sidewalk and a Bakery Wagon Was Sent Ten Feet in the Air—Man Nearly Frightened to Death—Damage Amounts to About \$25,000.

McKeesport, Pa., Oct. 3.—Sewer gas exploded in the basement of the Peoples Cold Storage and Ice Plant at 8:30 o'clock this morning and wrecked the machinery and part of the building. The plant was erected at a cost of \$50,000 and had only been in operation about a month. It is owned by the same company that controlled the brewery that exploded last spring.

Samuel Prior and Louis Kingsley, engineer and fireman in the plant, were caught in the wrecked building and almost buried alive. Both were taken out unconscious and are in a critical condition. The men are seriously burned and injured internally.

The gas that exploded was under the sidewalk in front of the building. The street for a square was torn up and buildings nearby were damaged by the explosion. The bakery wagon of L. Moskowitz that was passing the place at the time was raised in the air about ten feet. Moskowitz was frightened almost to death. The explosion spread through the building and ruined the machinery. The plant is one of the largest and latest improved in this section. The damage will amount to about \$25,000.

Aldrich-Rockefeller Wedding.

Providence, R. I., Oct. 3.—Miss Abbie Aldrich, daughter of Senator Aldrich, who is to marry Jno. D. Rockefeller, Jr. the richest young man in the world, has among her wedding gifts already received a diamond tiara valued at \$50,000, said to be the gift of Mrs. Rockefeller. Six hundred and fifty invitations have been issued to the wedding but only 20 people will witness the marriage.

SAMPSON MAY NOT BE INVOLVED

IN SCHLEY COURT OF INQUIRY.

Attempt to Bring Former's Name in Is Bitterly Opposed.

GREAT SEA FIGHT IS ALSO DESCRIBED.

Nothing Known on Board the Flagship of the Secret Signal Code According to the Testimony—Another Ruling by The Court—Developments in Naval Inquiry.

Navy Yard, Washington, Oct. 3.—It seems probable now that Admiral Sampson will not be involved in the Schley investigation. Since the first session, the court has ruled repeatedly that his name must not be mentioned and at the close of the session yesterday counsel were cautioned to observe the prohibition.

Mr. Rayner said just before court convened today he thought in view of the rulings of the court that Sampson would not be brought in.

It might be possible, he said, to get from Admiral Schley on the witness stand a statement that he was in command during the battle and present the issue on that way but there was no disposition to attempt to force the matter contrary to the will of the court.

At a later stage in the case an argument will be submitted to the court asking permission to take up the question of command during the battle. The court's action on that argument will be final. Schley's counsel were well pleased over the fact that they got into the record yesterday the testimony of a witness who said Sampson arrived one hour and fifteen minutes after the Colon surrendered.

The official stenographer was missing when the session opened at 11 o'clock today.

Lieutenant John W. Crawford, Admiral Dewey's secretary, was sworn in as recorder of the proceedings. Captain Sigbee resumed the stand and corrected his testimony of yesterday. He said last night he found a letter written home May 29 in which he said he had no positive knowledge of the whereabouts of the Spaniards.

Yeoman Becker was recalled for the same purpose but only corrected the spelling of his first name.

Lieutenant Doyle then resumed the stand and his direct examination was continued by Rayner. In answer to question he said: "The Brooklyn was in all of the bombardments in June. There were three of them that month."

Captain Lemly objected to this line of investigation and the question was argued by each side.

Rayner stated that at the close of his examination he should submit a line of written questions which would bear upon matters now in doubtful status. Inferentially this line of questions will doubtless tend to bring Sampson into the case.

Rayner asked: "What do you know from your own observation of the shore batteries at Santiago and their guns at any time?"

"As I recall the first bombardment about June 6 the Socapa battery replied very spiritedly at first but soon went out of business. They stopped firing. After that it was an attempt on our part to knock the Spanish guns off the breast works. As we withdrew they manned the guns again and shot at us."

"I don't think this amounts to much," said Admiral Dewey.

"May it please the court, the other side has been permitted to show that we ought to have bombarded the batteries more thoroughly than we did. It is not competent for us to show exactly what the character of these batteries was?" pleaded Rayner.

A consultation of the court followed and finally President Dewey announced: "We have no objections to these questions."

Boyle continued: "During the other bombardments the Spanish did not remain at their guns but as they withdrew they took a snap shot at us."

Lieutenant Boyle, of the Brooklyn,

In reply to questions, said of Schley: "I did not have an opportunity to observe his conduct during the battle but I did see him before and after the battle. He was as self possessed as any one could be under these circumstances."

"An effort was made here to show that despite the fact that Schley reported seeing smoke in Santiago harbor, indicating that a ship was coming out July 22, Sampson persisted in sailing to a conference with Shafter at Siboney. The attempt to drag Sampson in was bitterly opposed by Lemley and Hanna."

FIRST WITNESS FOR

ADMIRAL SCHLEY APPEARS.

Washington, Oct. 3.—Lieutenant James J. Doyle, who was a watch officer on board the Brooklyn, was called before the Schley court of inquiry. He was the first witness in Admiral Schley's behalf. Mr. Doyle was called by navy department, but as it also had been the purpose of Admiral Schley to summon him, advantage was taken of his presence on the stand to question him as an original witness for the applicant. Before undergoing examination at Mr. Rayner's hands Lieutenant Doyle, at Captain Lemly's request, related his part in the battle of July 3 and his original entry in the ship's log concerning the famous loop and his alterations of that entry because he subsequently discovered that his first entry had been erroneous.

Lieutenant Commander Sharp, who commanded the Vixen during the Spanish war, also gave his testimony, giving special attention to notes of the battle of July 3, made by Lieutenant Harlow of his ship. Admiral Ekus, Captain Sigbee and Correspondent Dienneide were all recalled for the purpose of correcting their testimony. The court announced its decision not to allow any questions concerning the blockade of Santiago after July 1, when Commander-in-Chief Admiral Sampson arrived there.

Sigbee's Correction.

Lieutenant Commander Sharp read his notes on the battle of July 3 and recounted the divers positions of the Brooklyn during the same. When the Spanish ships emerged from the harbor, witness said the Brooklyn hoisted the signal, "enemy attempting to escape." Captain Sigbee took the stand to correct the testimony of the day before. He wished to state that it would not have been impossible to coal on May 26, 1898, but thought it would have been very dangerous. He did not and never had stated that Commodore Schley was blockading 25 miles out to sea.

Lieutenant James J. Doyle, who was watch officer on board the Brooklyn, was next called. In response to questions by Captain Lemly, Lieutenant Doyle said that during the battle off Santiago he had had charge of the two west turrets. He had, he said, written the log giving the account of the battle as there recorded, but afterwards an addenda had been made by the engineer. When the Brooklyn steamed westward, witness was first in the port turret and then in the starboard turret.

The witness then, in response to a request to the court, read that part of the log book which relates to the turning of the port helm, as follows: "At 9:30 went to quarters for muster and inspection and immediately afterwards the Spanish squadron was noticed coming out of the harbor. The leading ship, the Maria Teresa, flagship, opened fire at once. This ship (the Brooklyn) and the other vessels, namely, Texas, Oregon, Indiana, Iowa, Vixen and Gloucester, engaged the enemy at once. The enemy stood towards us at first, then put helm apart and stood alongshore close in to the westward. We engaged with port battery at first, standing in for the Maria Teresa, the Colon and the Visaya, all three of which we engaged, but just as soon as the enemy stood to the westward put helm to port, swinging—a little interlineation here—clear of the fire of the Texas, so as to bring the starboard battery to bear and stood parallel to the enemy."

Change in the Log.

The witness stated that the original entry in the log had made it appear

A New Departure.

A New, Effectual and Convenient Cure
For Catarrh.

Of catarrh remedies there is no end,
but of catarrh cures, there has always
been a great scarcity. There are
many remedies to relieve, but very
few that really cure.

The old practice of snuffing salt wa-
ter through the nose would often re-

lieve and the washes, douches, pow-
ders and inhalers in common use are
very little, if any, better than the old
fashioned salt water douche.

The use of inhalers and the applica-
tion of salves, washes and powders to
the nose and throat to cure catarrh is
no more reasonable than to rub the
back to cure kidney disease. Catarrh
is just as much a blood disease as kid-
ney trouble or rheumatism and it can-
not be cured by local treatment any
more than they can be.

To cure catarrh, whether in the head,
throat or stomach, an internal antiseptic
treatment is necessary to drive the
catarrhal poison out of the blood and
system, and the new catarrh cure is
designed on this plan and the remark-
able success of Stuart's Catarrh Tab-
lets is because being used internally,
it drives out catarrhal infections
through action upon the stomach, liver
and bowels.

Wm. Zimmerman of St. Joseph, re-
lates an experience with catarrh
which is of value to millions of
catarrh sufferers everywhere. He says
"I neglected a slight nasal catarrh un-
til it gradually extended to my throat
and bronchial tubes and finally even
my stomach and liver became affect-
ed, but as I was able to keep up and
do a day's work I let it run along un-
til my hearing began to fail me and
then I realized that I must get rid of
catarrh or lose my position as I was a
clerk and my hearing was absolutely
necessary.

"Some of my friends recommended
an inhaler, another a catarrh salve
but they were no good in my case, nor
was anything else until I heard of
Stuart's Catarrh Tablets and bought a
package at my drug store. They
benefited me from the start and in
less than four months I was complet-
ly cured of catarrh although I had suf-
fered nearly all my life from it.

They are pleasant to take and so
much more convenient to use than
other catarrh remedies that I feel I
cannot say enough in favor of Stuart's
Catarrh Tablets."

A little book on cause and cure of
catarrh will be mailed free by address-
ing F. A. Stuart Co., Marshall, Mich.,
and the tablets are sold by all drug-
gists in the United States and
Canada.

MAIL DELIVERY.

PIECES OF MAIL HANDLED BY
NEWARK CARRIERS.

Total Weights of Mail Carried in New-
ark During September—Some In-
teresting Figures.

The following states the number of
pieces of mail delivered by rural car-
riers from the Newark postoffice for
the month of September:

Mabel H. Lake, carrier No. 1—Pieces
delivered, 6,284; collected 551. Total
6,835.

Henry. Holler, carrier No. 2—Deliv-
ered, 3,353; collected, 298. Total 3,651.

Ben S. Marshall, carrier No. 3—De-
livered 2,345; collected 333. Total 3,728.

George N. Dodson, carrier No. 4—
Delivered 3,207; collected 329. Total
3,536.

Henry O. Dorsey, carrier No. 5—
Delivered 3,053; collected 329. Total
3,382.

The total weights of mail delivered
by carrier on the several routes of the
city for the month of September
which was a medium light month, and
much lighter than for the four months
to come, is as follows:

F. C. Cady, carrier No. 1—Weight
10,255 pounds; average for the 25 days
of actual delivery of 41 pounds per
day.

John L. Halpitt, carrier No. 2—
Weight 16,775 pounds; average 67.
D. M. Guy, carrier No. 3—Weight
12,432 pounds; average 49.7.

C. H. Kuppinger, carrier No. 4—
Weight 13,314 pounds; average 73.4.
F. S. Wilson, carrier No. 5—Weight
10,674; average 42.65.

James F. Williams, carrier No. 6—
Weight 15,001 pounds; average 76.92.
F. T. Hirst, carrier No. 7—Weight
17,071 pounds; average 68.13.

D. A. Murphy, carrier No. 3—Weight
16,550 pounds; average 42.1-10.

F. M. Alexander, carrier No. 9—
Weight 21,483 pounds; average 55-8-19
G. C. Marshall, carrier No. 10—
Weight 12,228 pounds; average 49.1-10.

James F. Williams is the mount-
ain carrier and delivers the largest terri-
tory, making two trips a day with a
horse and cart, but much of it is only
one delivery.

The two carriers making three trips
per day are G. H. Kuppinger and F. M.
Alexander, who serve the business por-
tion of the city.

The three carriers who make special
trips and collections are F. A. Wilson,
G. C. Marshall and F. C. Cady.

The largest amount of mail at an-
one time was that delivered by F. T.
Hirst on the morning of September 30
which contained some large packages
and weighed 139 pounds, and required
several trips for the forenoon service.

J. L. Halpitt frequently has forenoon
deliveries running from 60 to 70
pounds, his largest day being 8
pounds on the morning of the 30th of
September.

If any one thinks that a public of-
fice is a private snap he must look fur-
ther than a job of carrying the mail or
hot days and in zero weather, through
rain and snow, and any other kind of
weather that the weather man may see
fit to put up.

WISE HELD

IN SUM OF \$500 TO ANSWER TO
GRAND JURY.

Decision Rendered in Police Court
Thursday Morning by Mayor.—De-
fendant Was Then Locked Up.

The trial of Engineer Charles Wise,
for attempting to injure his little
six-year-old daughter, preferred by his
wife, was called before Mayor Atherton
at 7:30 o'clock, Wednesday even-
ing.

Wise was present with his attorney
D. G. Smythe, and Mrs. Wise and the
little girl were also present. Mr. J. R.
Fitzgibbon represented the prosecu-
tion.

There was a tremendous crowd
present, the court room being packed,
and many could not gain admittance.

The prosecution called four wit-
nesses and the defense three. The
former's witnesses were Mrs. Wise,
and daughter, Elizabeth, Mr. and Mrs.
George Hughes, who live opposite the
Wise's on Summer street, in "Texas."

The testimony throughout was un-
printable. It showed a very unhappy
state of affairs in the Wise family, in
which the husband and wife called
each other the vilest kind of names,
during their frequent quarrels.

The testimony of Mrs. Wise showed
vindictiveness toward her husband,
while the little girl has undoubtedly
been "coached."

Mrs. Wise told of what she saw on
the evening of September 25. She
then ran to Hughes and told what had
occurred, saying that Elizabeth told
the Hughes family what her father had
done. Hughes in his examination said
that the little girl had not told him
until after her mother had told it. In
the cross-examination of Mrs. Wise,
Mr. Smythe brought out the fact that
although the crime is alleged as hav-
ing taken place on September 25, she
had not caused his arrest until the 28.

She gave as a reason that she was
afraid her husband would kill her, but
failed to explain why her fears were
dispelled on the 25th.

The defense tried to impeach Mrs.
Wise's testimony by witnesses, show-
ing her reputation to be bad.

William Wise testified that she used
a great quantity of liquor and got
very drunk.

Mrs. Annie Mulligan testified that
her reputation was not in her favor.

The case was submitted by both
sides without argument.

The defense tried to show that the
present prosecution was instituted by
Mrs. Wise to lay the grounds for a
divorce petition which was filed Wed-
nesday.

The mayor's decision in the case,
rendered this morning, follows:

"I had hoped to see my way clear
to have said that the evidence against
Charles Wise was not sufficient to jus-
tify me in requiring him to give bond
for his appearance at the next term of
the Common Pleas court. My opinion
before hearing the evidence offered last
night, was that there must be some
mistake, and that a man held in the
esteem that Charles Wise has been,
by his fellow railroad men, could not
do such an unnatural, inhuman act,
but when the little girl tells her story
in a way that makes you think she is
telling the truth, and forces itself
upon the mind as not having been
made up, and the fact that soon after
the act was said to have been commit-
ted, to have told practically the same
story to the immediate neighbors,
compels the thought to come to me,
that there are reasons for believing
her story that cannot be ignored.

"This is a most terrible charge to
bring against a father, but after all
the evidence that was given last night,
I feel that I must require Charles Wise
to give bond for his appearance at the
next term of the criminal court of
common pleas, in the sum of \$500."

After the decision Wise was locked
up, but it is thought he will give bond.

LETTER

From David R. Williams Formerly of Newark, Now Corporal in the U. S. Cavalry.

The following letter received by Chas. E. Matthews, of this office, will be read with much interest by the many friends of David R. Williams, formerly of this city, now a corporal in Troop F, Thirtieth U. S. Cavalry: Fort Keogh, Mont., Sept. 28.

It has been some time since I wrote to you, and as I don't care to be entirely forgotten, I will let you know that I am alive and have enough eyesight left to read an Advocate if you will be so kind as to send me one in return for this short letter.

In a few brief lines I will try to tell you of my journey from Fort Meade, S. D., to Fort Keogh, Mont., where my troop is at present. We left Fort Meade August 7 and after a long and tiresome journey on horseback for 11 days, we arrived at Fort Keogh on the 18th of August, and immediately began the usual routine of duty that befalls a soldier on striking a new post, such as fatigue work and fixing everything, so he can be comfortable. We had no sickness on our trip, but had a hard time to get enough hard tack and

canned willie, as it is called here; and water—well, on the 14th of August if I had seen a gallon of good water, I expect I would have fainted, and had the boys to pour it over me. We rode that day from five o'clock in the morning until six at night, without water, and you can imagine how we felt. We passed through a part of South Dakota, Wyoming and Montana. The country here is unsettled; the houses few and far between. This fort is located on the Yellowstone river, two and one-half miles from Miles City, and has an area of 20 square miles.

Take everything into consideration this is a pretty good place, and I don't care if I do spend a year or so up here, although it is very cold in winter.

I am on guard tonight and it is time for me to post my relief, so I will close, hoping you will send me some Advocate. I am as ever, your friend,

D. R. WILLIAMS.

BATTERY

From Cleveland May Come Down to State Grounds for Practice.—Lieut. Eddy Here.

First Lieutenant Walter E. Eddy, of Battery A, Cleveland, was in Newark Monday and left for his home at 8:20 this morning. Lieutenant Eddy came down to look over the rifle range at the state grounds. It is his opinion that Battery A will use the range this fall at target practice, although as yet no orders have been issued. They will use either the Newark range or the one on the lake near Cleveland, which in no way compares to the former.

Jackson—Samuel Malone and James Smith were arrested on the charge of stealing barb wires from the track of the Belt railway between Jackson and Wellston.

Dill's Good Showing.

The practice of the O. S. U. Monday evening showed great improvement, especially in offensive work. Dill, who gained his experience with the Newark High school team, and Ricketts, a freshman, the new halfbacks, gave evidence of fine development. Jackson was in the place of Hardy at quarterback and proved himself a worthy successor. The coaching was done by John and Charlie Sigrist, Renick Dunlap, captain and left end of the '95 team, was a visitor at the practice.

Coach Inglis, of the Medics, is directing his attention to correcting the fault of fumbling. The boys are showing great spirit in their practice and with Captain Whelan, Duffy, Callahan and Gassler, the four backs, the Notre Dame boys will find an almost impregnable line before them Saturday.—Columbus Press.

REUNION

Of the Seventy-Sixth Regiment—Gen. Willard Warner to be Here on That Occasion, Oct. 9.

The Twenty-third annual reunion of the Seventy-sixth Ohio regiment will be held in Memorial hall, Newark, O., Wednesday, Oct. 9, 1901. A good program of short speeches, personal army reminiscences, vocal and instrumental music has been prepared. The exercises will begin at 10 o'clock a. m. and continue throughout the day, closing with a grand campfire at night. Dinner will be served in the hall by the Relief Corps for 25 cents. Everybody is invited, especially all soldiers, and as a large attendance is expected from a distance the local members of the regiment kindly request all business houses to swing their flags and hunting to the breeze on that day in honor of Licking county's regiment.

The afternoon session will close with a grand march around the square, headed by Newark's famous drum corps and every soldier in the city is requested to join in this parade.

All members of the Seventy-sixth Ohio association are requested to meet at Colonel Kibler's office on Friday evening, October 4, 1901, at 7 o'clock, sharp, to complete the program, etc., for the reunion on the 9th inst. A report from each committee will be expected.

Mr. Samuel Hupp president of the Seventy-sixth O. V. I., which will hold a reunion at Newark on October 9, is just in receipt of a letter from David Davis, of Conesville, saying that General Willard Warner, of Mission Ridge, will be present at the reunion. General Warner was major in the Seventy-sixth regiment.

Mrs. Robert M. Gardner.

Mrs. Robert M. Gardner was buried at the Fallsburg cemetery, Wednesday, she, with her husband, formerly lived in Newark, but for several years has lived in Mercer county. She has been in delicate health for the last year with consumption of the throat, and about one month ago came to spend her last days with her mother, Mrs. Jane Mercer, of Fallsburg, where she died last Monday. She was 42 years of age and leaves a husband and one child, a son grown up, besides her mother, two brothers, three sisters, and many relatives and friends. The funeral services were conducted by Rev. Mr. Wright of the Mount Pleasant church, of which the deceased was a faithful member.

CELEBRATE

HUNDRETH ANNIVERSARY OF THE CITY'S BIRTH.

Town Laid Out on March 16, 1803—in 1808 Licking Carved Out of Fairfield.

Something has been said recently in these columns of the celebration of the centenary of the city of Newark, the Advocate having several years ago first proposed the due celebration of the event. It was then proposed in these columns that the city council should take the matter in hand, confer the freedom of the city on all citizens over 75 years of age and provide a celebration worthy of the city's magnificent growth and material development.

The Advocate today requested a prominent attorney to investigate the records to ascertain the exact date that the town of Newark was laid out in order that the attention of the public might be called to the matter in due time to make suitable preparations for the observance of this important event.

The town of Newark was laid out by John N. Cummings, John Burnet and William C. Schenck, on March 16, 1803, at a time when this territory was a part of Fairfield county. In 1808 Licking county was carved out of Fairfield.

About seventeen months therefore will elapse before the one hundred year period rolls around. The Advocate respectfully draws the attention of the city council to the matter and suggests that a committee be appointed to make the arrangements.

FLEMING-CAMP AND THE BROWN MAYALL WEDDINGS.

Death of Mrs. H. Predmore After a Long Illness—Personal Items and Newsy Briefs.

Hanover, O., Oct. 3.—The marriage of Mr. D. V. Fleming and Miss Florence Camp was solemnized Wednesday evening by Rev. Mr. Nesbit at his home in Frazeysburg. They have left for their new home in Summer Hill, Pa., followed by the best wishes of a large circle of friends.

Charles Brown, a well known young man of Hanover, and Miss Jessie Mayall were united in marriage at the home of the bride in Duncannon, Pa. They have the best wishes of their many friends here.

Mrs. H. Predmore, aged 68 years, 2 months, 16 days, died at the home of her son, Mr. John Predmore, on Saturday morning at 9 o'clock after a long illness. The funeral services were held in the M. E. church of which Mrs. Predmore was a faithful member for years, on Monday morning at 11 o'clock, Revs. R. L. Kilpatrick and Nesbit officiating and were very largely attended. Interment in the Smith Chapel cemetery. The sympathy of every one is extended to the bereaved family.

Messrs. Barcus and Denman attended a social at Black Run, Friday evening.

Ora Davis, of Columbus, was the guest of friends here Saturday and Sunday.

Mrs. Samantha Walrath has returned from a month's visit with friends in Pennsylvania.

Canton.—The seven-year-old daughter of Mr. and Mrs. Frank Unsold, near Bolivar, died from burns sustained while popping corn.

Toledo.—Mrs. John Zeimer, of Hovrville, alleges that the name of herself and her husband, now serving a term in state's prison, has been forged to a mortgage for \$1,000.

Chillicothe.—C. C. Mason was bound over on the charge of forgery. He was identified by a man named Alexander, upon whom he is alleged to have passed a worthless check.

IS THIS SO?

Newark People Can Decide.

You would not accept the word of an utter stranger as readily as that of a person whom you knew. The following statement is made by a citizen, perhaps a neighbor. Read it:

Mr. Amos Fry, shoemaker of Webb street, says: "For several years I was never free from pain, a constant nagging pain through my kidneys. It was dull and dead so that I had to get up and move about if I had been sitting for any length of time. I took several kidney medicines but I got no good worth speaking about. Through a notice in a local paper I commenced using Doan's Kidney Pills sold at Crayton's drug store. They did the work they promised for they completely took all that miserable pain out of my back."

HAWKES WAS WROTH

Resents an Imputation in the Heistand Investigation.

QUESTIONED ABOUT HUSH MONEY.

The Major Declares That If Anyone Dare Father the Accusation, He Will Brand Him a Liar—General Corbin Undergoes an Examination. Proceedings in Hemp Case.

Washington, Oct. 3.—Major Hawkes was recalled by Heistand investigating committee to testify as to the "to whom it may concern" letter. The original draft was different from that first presented to the committee. The titles of the men signing the letter were not upon the original draft. Major Hawkes could positively remember but one unimportant change in the letter before signing, but was confident that "very material alterations" had been made, among them the final clause intimating that his appointment would be a wise one from a departmental point of view, a fact which he contended called for titles to the signatures.

Counsel for Heistand, in an elaborate cross-examination, endeavored to establish the fact that the several papers in the case had been copied in Hawkes's office, but the replies admitted only that the copies had been made by Major Howard the night before the agreement was entered into. Major Hawkes said he had endeavored to sell the whole story to New York papers and likewise had unsuccessfully offered to sell to the national Democratic committee prior to the election for \$300 and "other considerations." The offer was not accepted. Hawkes said he then with drew the papers upon assurance from a government official that his case would be taken up and satisfactorily settled. He was asked if he had not approached Lawrence S. Holt of North Carolina and offered to hush up the case for a consideration of \$300. This question was asked at the suggestion of Colonel Heistand and was noted by Hawkes, who replied in heat that, "I would not hush up anything. Any man that says so is a liar and I will so brand him."

Major Hawkes said that he never learned from any of the parties named, Boyd, Allen, Corbin and Melklejohn, that they were in the company, all such representations coming from Heistand.

General H. C. Corbin, adjutant general, who was named in the resolution as one of the parties to the deal, testified that Colonel Heistand made a general statement to him concerning the organization of a company and asked him if he would like to invest in it. He thought favorably of the concern, but two or three days later he told Heistand that he had no money to invest in any company. Some time afterward Assistant Secretary Allen came to him and said that a man named Hawkes was using both their names to float some scheme. He told Allen that Hawkes had no authority to use his name. Neither Boyle nor Melklejohn ever talked to him concerning the organization of the company.

Marquis Ito on Japan.

Victoria, B. C., Oct. 3.—Senator Beveridge of Indiana returned on the Kaga Maru from a trip through Siberia. On the steamer was also Marquis Ito, former premier of Japan. Although in poor health the marquis enjoyed the ocean voyage and already feels better. He said that many things political in Japan are fast approaching a satisfactory basis, and a short time before leaving Japan the marquis was the leader in the formation of a new party of progress, called the Sei Yu Kai, which is a coalition of old and new elements and although there was some friction among the members, the party is now in a firm position, and will do much for Japan. The revised treaties are working most satisfactorily. Japan is now, he says, on most friendly terms with every nation of the world, Russia included.

Taylor and Finley.

Indianapolis, Oct. 3.—Governor Durbin's mail is burdened with letters bearing on the Taylor and Finley requisitions. The governor also has received numerous telegrams from all parts of the state, and even from other states, asking him not to honor the requisitions. It is not thought probable, Secretary Wilson said, that the governor's decision on the requisitions will be reached this week. At the governor's office talk of the possibility of kidnapping Mr. Taylor or Mr. Finley is scouted. It is believed at the statehouse that both men are under surveillance of detectives hired by Kentucky parties.

Appeals For Czolgosz.

Albany, N. Y., Oct. 3.—Governor Odell arrived here from Newburg and when he reached the executive chamber he was surprised to find on his desk two letters requesting him to commute to life imprisonment the sentence of Czolgosz, the murderer of President McKinley. On letter was sent by a man in Illinois, the other by a man in Maine. They were evidently written by cranks, in the opinion of the governor, and no attention will be paid to them.

Result of a Quercus.

Dillon, Mo., Oct. 3.—D. W. Mills, pauper of Chicago, formerly general solicitor for the Southern Pacific rail road, died here as the result of injuries inflicted by J. P. Bronburg. The men, who had quarreled, met while Mills was on his way to a cop per mine in which he was interested. They exchanged words and Bronburg struck Mills with a rock.

FIND THE MILKMAID.

DOLLAR for dollar, pound for pound, there is more in Ivory Soap than in any household soap. It is easy to find a cheap soap; but to find purity and low price in a single soap is not easy. They combine in Ivory Soap. You can afford to use it in the laundry; you can not afford *not* to use it elsewhere. It is vegetable-oil soap, in the cheapest form in which it can be procured. You pay nothing for a fancy box, wrapper or perfume. It is all in the soap! It floats.

What's Better
Than
Home Indorsement?

Mr. E. T. Johnson,

Newark, O.
Dear Sir:—My wife suffered for 10 years with Rheumatism and gradually became worse. Tried different doctors and various remedies without relief. One day some two or three years ago a friend told her of your preparation, RHEUMATOL. After using eight small bottles, (it was then put up in six size) all rheumatism disappeared, and has never returned. Not only did it cure Rheumatism but a very bad case of Eczema of 20 years standing. A dreadful case it was—the sores and scabs spreading up back part of neck into the hair. Several doctors treated her for this malady but no relief of any consequence until RHEUMATOL was used. This Rheumatol cured Mrs. Brandt of Eczema as well as Rheumatism and neither has returned during this entire period of nearly 3 years, for which my wife and I are sincerely grateful, and we heartily recommend RHEUMATOL to any one suffering from Rheumatism or Eczema.

BETRAYED

By a "Friendly" Official Who Led the Assault on Company C—Details of the Slaughter.

Manilla, Oct. 3.—Details of the slaughter of the members of Company C, Ninth Infantry, last Saturday, at Balangiga, have come to hand. It is reported that the president of the town, claiming to be friendly led the assault on the company. On hearing of the slaughter Colonel Isaac D. De Russy of the Eleventh infantry started for the scene immediately with a battalion. The body of Captain Connell had been tied at the heels, saturated with kerosene and partly burned. Forty-five bodies had been burned in a trench, leaving seven unaccounted for. The charred remains of many were recovered. In numerous instances the bodies had been badly mutilated. Three hundred Macabebes will also be dispatched to the scene of the massacre on board the Legaspi, which is delayed by a typhoon.

Slaughter Premeditated.
Manilla, Oct. 3.—An account of the fighting, when a majority of the men of company C of the Ninth regiment were killed near Balangiga, Sept. 23, has reached here. The fight was long premeditated and the Filipinos were called to commit the slaughter by the ringing church bells at daylight. They got between the soldiers, who were breakfasting and their quarters. The insurgents were mostly armed with bolos, but they had a few rifles with them. Troops have been sent to reinforce the troops in the island of Samar.

Steamer Founders.
Kingston, Ont., Oct. 3.—The steamer Richelieu, owned by the Richelieu and Ontario Navigation company, and engaged on the route between Kingston and Bellefleur, foundered while bound for this city. She was within three miles of port when she took a header and sank. A fairly heavy sea was running, which caused her cargo of freight to shift, and before she could be righted she filled and went down in about 60 feet of water. Her crew and passengers got ashore safely, but had narrow escapes.

TELEPHONE

Lines to be Strung to New Way and Appleton—New Johnston and Croton Exchanges.

Judge B. M. Critchfield, who has been engaged in establishing telephone exchanges at Johnston and Croton, was in Newark, Thursday, on business connected with the new system. The judge told an Advocate man that thirty-two telephones have so far been established in the village of Johnston and twenty have been installed at Hartford. The company has a number of contracts many being for "farmers' lines" to be run out from both Johnston and Croton. Lines will also be strung to the villages of Appleton and New Way, two points that are not now reached by wire.

The Critchfield lines, which are operated in connection with the Newark independent exchange and the Newark lines that extend over the county, also connect with Columbus and points throughout the state by means of the United States company's system.

STEADY, STRENGTH, SLEEP.

These Are Three Words to Conjure With—They Are Closely Connected With Dr. A. W. Chase's Nerve Pills, Says a Newark Citizen.

Steady nerves, refreshing sleep, renewed strength, these are a trio that practically control the enjoyment of life, they are the keystones of the arch perfecting manhood and womanhood to the fullness of life. Mrs. W. Bates of No. 143 South Sixth street, Newark, Ohio, says: "Dr. A. W. Chase's Nerve Pills I know are excellent because they made my nerves steady, gave me strength and good restful sleep, three things I needed badly. The action was easy and rapid and more than satisfactory and I am right glad in the fact of the fine results I obtained that C. T. Dricker of the City Drug Store, called my attention to the medicine."

NATURAL GAS

Solicitor Smythe Explains Meaning of the Two Recent Injunctions—Many Questions Asked.

By reason of the fact that it is impossible for me to personally answer the large number of inquiries I receive in reference to the latest natural gas litigation, I take this means of explaining the effect of the two injunctions granted by Judge Jones:

1. The company is required to furnish gas to any consumer who will offer to pay for one month, and to furnish it without requiring the consumer to sign a contract.

2. They are required to furnish gas either by meter or flat rate without the signing of a contract.

If the company refuses to so furnish gas to any citizen I would be obliged if the facts were reported to me.

OF INTEREST TO WOMEN.

Women who have themselves suffered from the evil effects of constipation and indigestion will be interested in the following letter from a father whose daughter was given up to die by two physicians:

"My daughter has suffered from indigestion for the past five years and has tried nearly everything that she could hear of for such trouble. She was confined to her bed when she became taking Dr. Caldwell's Syrup Pepsin and after one fifty cent bottle she was able to walk a mile at a time and during the day yesterday walked 3½ miles. I feel like praising Dr. Caldwell's Syrup Pepsin because two doctors told me my daughter could never get well and I feel that she is on a fair road to permanent relief.—Respectfully, J. H. M. Crocker. Nixon, Tenn., Aug. 6, 1901.

CONFERENCE

BETWEEN ELECTRIC RAILWAY MEN HELD HERE.

Proposed Road From Newark East to Wheeling via Coshocton—The Traffic Arrangements.

A very important conference among electric railroad men was held in Newark on Wednesday. Lakin F. Taylor and John S. Black of Cambridge the promoters of the line from Zanesville to Wheeling, and Charles H. Geidel of Coshocton, and W. O. Littick of Zanesville, the vice president and secretary, respectively of the Newark and Coshocton Traction Company, were here in conference with Mr. J. M. Ickes, for the purpose of effecting a consolidation of the two lines. Traffic arrangements have been made with the line leading to Columbus from Newark and the new line will have for its terminals Columbus at the west and Wheeling at the east, with a probable later extension to Pittsburg. The financial arrangements are well under way and the new company will commence the construction of the line this fall. There are some strong financial men that are to be connected with the project, but their names for the present are being withheld.

Y. M. C. A. Reading Room.

(Communicated.)

If the directors of our Y. M. C. A. will permit me to stir their minds by way of remembrance, I would be leave to say that I hardly think that in view of the amount of money contributed by the public to the Y. M. C. A. building, they are not giving sufficient consideration to the public need in failing to supply their reading room with any morning newspapers.

My reason for urging this point upon the attention of these worthy directors is that I consider the Y. M. C. A. reading room a very important connecting link between that institution and the public for whose benefit it was organized and established; and in my view a reading room without morning papers is very much like the play of Hamlet with Hamlet left out. I can not swear that all visitors to the Y. M. C. A. reading room wish to see the morning papers, but certainly the most of them do.

We all know that the financial resources of the Y. M. C. A. are very limited, but I have too much confidence in the intelligence and business capacity of its eighteen directors to think that they could not devise ways and means of supplying this "long-felt want" if they would give it the consideration which it merits. Wider streams than this have been crossed since the world began.

Most respectfully submitted,

M. R. SCOTT.

NEW GAS WELL.

The Homer gas well, drilled in, on the Sam Dunlap farm, Tuesday, by the Clinton Oil and Gas Company is good for half a million cubic feet of gas in 24 hours. This is the smallest well completed at Homer. This well was located where the owners, looked for something better, as such a well is not worth drilling for, in such deep territory. A few more wells of this size will have a very discouraging effect on Homer gas field. However, the Homer field is much better than the Highwater wells, as the two wells drilled there are much smaller than the one just completed at Homer. 10-3-1t
